FALSE BAY TVET COLLEGE

MY DREAM. MY COLLEGE.

#MyCareer #ItsPossible #MakingItHappen

Programme	Description
PLP: Pre-Vocational Learning Programme	One-year foundational course to prepare students for further study at a TVET college. Aimed at school-leavers with Grade 9 who did not meet entry criteria for a specific course in NC(V) L2.
National Certificate Vocational NC(V)	NC(V) programmes integrate theory and practice to provide students with a broad range of knowledge and practical skills within specific industry fields. The National Certificate (Vocational) offers learners a vocational alternative to an academic Grade 10-12 by offering specialised training on NQF Levels 2-4. After successfully completing NCV L4, students can enter the workplace or articulate to Higher Education.
NATED / Report 191: Engineering Programmes	Engineering studies encompass a National Certificate N1-N6 in the chosen field of Engineering studies: Mechanical, Civil or Electrical.
NATED / Report 191: Utilities Post Matric Programmes	NATED / Report 191 programmes consist of 18 months' theoretical studies and 18 months' relevant practical application in workplaces. Business and Utility Studies range from N4-N6.
Higher Certificate Programmes	Higher Certificate study programmes are predominantly vocational. This means that the course material is industry-oriented and skills application-based.

WORK INTEGRATED LEARNING (WIL)

The WIL Department offers support to academically deserving False Bay TVET College students who require practical workplace-based experience to complete their diploma. Graduating students will also benefit when seeking internship support and employment opportunities.

The WIL department offers the following expert support to False Bay TVET College students:

- Preparing you for the world of work, through our Work Readiness programmes.
- Assisting you in seeking workplace-based experience opportunities in order to obtain your National N Diploma, National Certificate or Trade Certificate.
- Connecting you to employment and further study opportunities.
- Should you find your own placement opportunity, the WIL Department will assist you in ensuring that the internship is relevant to your field of study.
- Monitoring and evaluation of placed students.
- Tracking of students and receiving feedback from students and host employees.

Registered students are to contact the WIL Department to process their application:
